AUSTRO-GERMANS REPORTED DEFEATED GALICIA

BATTLEFIELD COVERED WITH RUMANIAN DEAD

HEAVY GAIN MADE IN ORSOVA SECTOR

Forces of the Entente Powers Drive Their Lines to Within Twelve Miles of Monastir

(By Associated Press.) With Russians still vigorously attacking Austro-Germans in Volhynia, west of Lutsk to the Dnieper in Galicia, Emperor William has started for the front of General von Linsingen, near Lutsk, where the principal fighting is taking place.

At various places in this sector and in Galicia, Petrograd asserts that the Austro-Germans have been defeated. Berlin, however, declares that the only point where Russians reached Teutonic lines was north of Zubilno, and that they later were driven out.

Although there is divergence in reports from Sofia and Bucharest concerning the fate of Rumanians who crossed the Danube into Bulgaria, the fact is patent that they have ceased their "demonstration."

Bucharest says the Rumanians withdrew to the left of the Danube, but Sofia asserts that the battle field in northern Bulgaria between Rustchuk and Turtukal, where they crossed the river, is covered with Rumanian dead as a result of their forced speedy retirement to their own soil.

All the attempts of Rumanians and Russians to advance in Dobrudja have been frustrated by counter attacks of the Teutonic allies.

In Transylvania, Rumanians have captured, near Parajd, Austro-German fortifications after a battle that lasted three days. Near Bekokten, north of Fogaras, and in the vicinity of the Hatzeg mountains, Rumanians were reported by Berlin as in retreat, but it is admitted by the German war office that the invaders have made another gain in the Orsova sector.

A submarine of the Teutonic allies has sent to the bottom in the Mediterranean the Cunard liner Franconia, which was being used as a transport. No troops were on the vessel and only twelve of the crew of 302 are missing.

Forces of the entente powers have driven their line to within twelve miles of Monastir, Serbia, and occupied the town of But. Occupation of Yenikeul, near the Struma river, by the British is admitted by Berlin. Likewise, Berlin concedes loss of

GERMANY IS REPORTED READY TO END WAR

(By Associated Press.)

NEW YORK, Oct. 6.—The Evening

Post publishes a story, learned to be from trustworthy sources, that Ambassador James W. Gerard, now on his way from Germany, will lay before President Wilson a request from the kaiser to use his good offices in suing for peace with the allies.

"Germany has definitely decided to apply to the president," the article reads, "to use his good offices in suing for peace with the allies, it is learned from sources in a position to have absolute trustworthy information in these matters. It is understood that Ambassador Gerard, who is on his way over here, will lay the kaiser's request before the president within a week. It is a fact, however positively it may have been denied, that there is possibility of the president acting as mediator, as has been discussed by German officials with Gerard. It is therefore by no means surprising that reports will take definite shape in connection with Gerard's trip home." Gerard is aboard the Frederick VIII, due next Tuesday.

NINE LIVES ARE LOST WHEN COLLEGE BURNS

(By Associated Press.)

ST. LOUIS, Oct. 6.—Nine men are known to have perished as the result of a fire that destroyed the central portion of the main building of Christian Brothers college here yesterday. Two of the known dead were aged brothers. They were trapped in the infirmary on the fifth floor.

Five known to be dead were firemen who were carried to the basement from the third floor when a wall collapsed. At least 12 firemen were carried down in the wreckage. Seven of them were taken out alive, badly hurt.

Another death was that of a nurse, who was in attendance on the aged priests. The known dead:

Rev. Brother Cermac, aged 93.  
Rev. Brother Clement, aged 72.  
Louis Nolan, infirmary nurse, home in Morrisonville, Ill.

The remainder were firemen and a watchman.

The fire was discovered by the registrar of the college, Brother Abban, on the fifth floor. He turned

in an alarm and hurried to the dining hall in the basement, where 105 students and 30 members of the faculty were eating. He told Brother James of the fire and the latter, giving the fire drill signal, ordered the students and faculty to march out of the building. The students did not know the building was burning until they reached the campus.

Several brothers remained behind and carried out the sacred vessels and the priestly vestments from the college chapel.

Two wings of the building were saved. The wireless apparatus on the roof, one of the most complete in America, was carried down when the roof fell. The natural history museum was destroyed.

GERMAN SUBMARINES SINK BRITISH LINER

(By Associated Press.)

LONDON, Oct. 6.—The Franconia, a Cunard liner, has been sunk by German submarines. All but twelve of the crew of 309 have been accounted for. The exact location of the liner in the Mediterranean when it was sunk is not announced, owing to censorship. The vessel was under charter to transport British troops, but at the time of the disaster there was none aboard.

According to the latest available reports, the Franconia was being used as a British transport. She was a vessel of 18,150 tons gross and was built in 1910. Her maiden voyage was between Liverpool and Boston in February, 1911.

The Franconia was 625 feet long, 72 feet wide and displaced 25,000 tons. When she was built she was considered one of the most comfortable steamers of the Cunard line. A striking feature of the salon apartments was the absence of staterooms on the boat deck, which was devoted to a promenade room, a library, a gymnasium and a lounge and smoking room. The vessel was nicknamed the "Bath Ship" inasmuch as she had more bathrooms and showers than the Mauretania, this equipment being installed for the benefit of passengers bound for long cruises to the Mediterranean. The steersman of the Franconia was considered the best appointed of any steamer carrying third class passengers. The old idea of steerage compartments had been eliminated and staterooms capable of accommodating four, six, and eight persons had been installed.

The last report of the Franconia in June, 1915, announced that she had been chartered to carry British troops to the Dardanelles.

(By Associated Press.)

PETROGRAD (official), Oct. 6.—The Russians today made headway on the Galician front in the campaign against Lemberg. They captured

AMERICAN LEAGUES MAKE IT TWO STRAIGHT

(By Associated Press.)

CHICAGO, Oct. 6.—The American leaguers made it two straight from their National league rivals yesterday, winning 3 to 1. James Lavender weakened in the fourth inning and the Americans won the game in that round. E. Collins started with a single, went to second on Jackson's infield out and scored on Felsch's triple. Felsch scored on Ness' single. Terry's single, Schalk's walk and Fabers infield out scored Ness. Packard then took up the mound work for the Nationals and held his opponents safe.

BROOKLYN CHAMPIONS CLOSE THEIR SEASON

(By Associated Press.)

BROOKLYN, Oct. 6.—The champion Brooklyn ended the National league season here yesterday by defeating New York 7 to 5. Manager Robinson gave his regulars a workout in the game, but had his recruits filling nearly every position when it ended. Tesreau and Anderson were hit hard, the latter pitching only part of the seventh. Smith finished the game and did well. The new champions leave on a special train for Boston at 1 o'clock today. They will be accompanied by several hundred fans to be known as the "royal Brooklyn rooters."

DELIVERY OF MILK IN NEW YORK DECREASES

(By Associated Press.)

NEW YORK, Oct. 6.—Continuation of the milk strike deadlock has resulted in a more serious situation in respect to the milk supply. This morning deliveries were further diminished and thousands were unable to obtain milk. To prevent a recurrence of the scenes on the upper east side, when hundreds of women, some with children in their arms, stormed the milk depots, extra details of police are on duty. Women again swarmed about the depots, soon exhausting the supplies. There were no disorders.

IS "HYPHENISM" REALLY LIBELOUS EXPRESSION

(By Associated Press.)

NEW YORK, Oct. 6.—Vance McCormick, chairman of the Democratic national committee, announced today that he had been served with a summons in a suit for \$50,000, brought against him by Jeremiah A. O'Leary, president of the American Truth society. Mr. McCormick said he had not been apprised, however, of the charges upon which the suit was based.

Mr. O'Leary declared that he instituted the action "to find out first whether hyphenism, so called, is libelous, and, second, whether it is inconsistent with Americanism."

DIFFICULTIES STILL REMAIN UNSETTLED

(By Associated Press.)

BERLIN, Oct. 6.—Efforts to compose the differences between the chancellor and his opponents in the reichstag, which has been in progress since adjournment was taken after the chancellor's speech, has apparently accomplished little. The chancellor's position appears to be unshaken. Such information as is obtainable indicates that the campaign for resumption of submarine activity on the old basis has not met with success.

PRESIDENT SPEAKING IN THE MIDDLE WEST

(By Associated Press.)

OMAHA, Neb., Oct. 6.—President Wilson came into the middle west for the first time since the campaign began and received what his political lieutenants characterized as the greatest reception of his career. HOME RULE FOR IRELAND WILL BE SAFE

(By Associated Press.)

WATERFORD, Ir., Oct. 6.—In a notable address to his constituents, John Redmond, the Irish Nationalist leader in parliament, declared that despite the recent rebellion, "with all its inevitable aftermath of brutalities, stupidities and inflamed passions," home rule for Ireland is safe if Ireland remains sane. He also declared that conscription could never be forced in Ireland.

Redmond added: "I cannot bring myself to believe, malign though the influences working, that the govern-

ment could be insane enough to challenge conflict with Ireland on this subject. Conscription for Ireland is far from helping the army and the war. It would be the most fatal thing that could happen. It would be resisted by every village in Ireland. Its attempted enforcement would be a scandal that would ring around the world. It would produce no additional men."

Redmond declared it was absolutely false that he or his colleagues ever favored a scheme for permanent division of the ancient nation.
